Welcome and thank you for attending the 49th annual Engineering Expo!

The 2015 Engineering Expo has been brought to you by the Engineers’ Council. The Engineers’ Council was created in order to establish more recognition for the College of Engineering while helping to develop closer relationships among engineering students and allow them the opportunity to promote engineering disciplines. The council is comprised of representatives from each of the student organizations within the College of Engineering. The council serves as a liaison between the various organizations and the administration.

The proceeds from Engineering Expo will go towards funding engineering student organizations and project teams. For more information on Engineers’ Council, please visit http://ec.osu.edu/.

On behalf of the Engineers’ Council, we would like to thank all who helped make this event a success. We want to give a special thank you to the staff at Engineering Career Services. Their support and dedication continually helps link students to employers through the career fair and their services. Also, thank you to the committee chairs who provided their time and efforts in coordinating volunteers and ideas for this event:

The Society of Women Engineers presents:
The 31st Annual Career Fair

Job Shadow Program
"Connecting engineering students with Ohio employers"

March 14-18, 2016

The Job Shadow Program is a one-day opportunity for OSU engineering students to spend time at an employer’s site, observe engineers, and learn more about professional roles related to their majors. The shadow occurs at company locations throughout Ohio during OSU’s Spring Break Week.

Sign-ups are in early February. For more details, contact the Engineering Career Services at eng-ecs@osu.edu
